# WHO WE ARE

ISC, based in Pattaya is a young school having opened in 2009. It began with a vision to create an early years school and now has students all way up to Year 6. We find it important to form relationships with parents, faculty and the wider community.

# WHAT WE OFFER

We offer a curriculum that is diverse, all encompassing and perhaps most importantly, fun. Aside from following the English National Curriculum, we also offer a wide range of other activities that promote community awareness, culture and sportsmanship.

# OUR STAFF

Our staff are fully qualified and hail from all corners of the world including, the U.K., USA, Spain, India, Iran, Argentina, New Zealand, and the Philippines. ISC prides itself on having progressive teaching methods, and creating an environment where children's qualities are identified, harnessed and encouraged.

Our mission is to foster a community of active and reflective learners who are informed and confident. They will embrace sustainability and cultural diversity in order to be successful as they grow in a changing world.

Did you know, we also host a weekly Kindertime class? For Children aged 10-36 months old, dancing, singing, art and story-time are on the menu!

ISC staff engage students intellectually and emotionally. We choose to steer away from the institutional nature of many schools to create a wonderful place where "every child matters"..
